

Summerfield Times 2014

Summerfield
International School

Tiny Tots
Junior Section

40th
Anniversary
Since 1974

I was truly humbled by the massive turnout by the schools alumni, students, parents and well wishers

Dear Readers,

Forty magical years have passed and it is with fond memories that I look back and feel blessed to be a part of this great heritage. My mother Mrs. Faizi Chowdhury, the founder principal would have been proud to see how her school has flourished.

Special events for the fortieth anniversary like the Fairy Tale evening was very exciting and the gala celebration at BICC was mind blowing. I was truly humbled by the massive turnout by the schools alumni, students, parents and well wishers.

This year is marked with many special achievements like the Daily Star awards, High achievers awards, participation in the international debate tournament "Asian School Debating Championship" where the students performed brilliantly! Our school was selected to participate in the prestigious "Duke of Edinburgh" award programme where the children will be engaged in structured ECA which has global

recognition. These activities have helped our students get admission and scholarships to some of the best universities both home and abroad.

I would like to take this opportunity to thank the parents for their whole hearted support and cooperation which has helped us make this year a great one. Together we aspire to

take your children to the soaring heights of success Inshallah. Looking forward to an exciting new year in 2014-15 Academic Session!

Best regards,

Anjum Husain
Principal

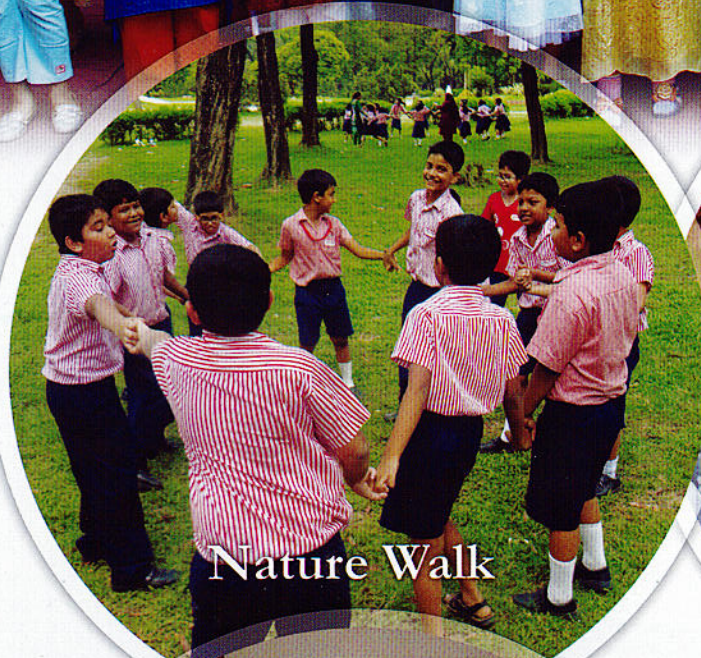

Anniversary
Since 1974

Tiny Tots and Summerfield International school has been active since 1974 - and this year marks 40 years of exceptional learning, educating, and achieving! This, of course, is a very commendable milestone, and what better way is there to celebrate it than to bring every student, parent, teacher and member of staff on board?

A magical day was organized for our young Princes and Princesses to lose themselves in the magnificent Fairy Tale land with their favorite characters from some of the all time children's' classics!

Nature Walk

Career Day

Success is not the key to happiness. Happiness is the key to success. If you love what you are doing, you will be successful -- On this belief our future citizens took the first step of the long journey of fulfilling their DREAM!

Winners of the Quiz Competition Organised by OREL Initiators

Happy World Environment Day

Recipients of Edexcel High Achievers Award

Every year our students receive this award for achieving seven or more grades in one sitting.

International Debate

When it comes to setting the standards, Summerfield School Debate Club is a class apart; and for our debaters, this year's ASDC tournament was more than just setting new standards – it was about breaking records and creating history.

Miraz Rahman, Shamsul Nawed Nafees and Quazi Tahmid Hossain, led by ex-Summerfield product Mohammad Taosif Amin Khan, the team representing SIS DC initially qualified as Novice teams and eventually got promoted to the main competition, which saw them cruise through to the semi-finals with relative ease, defeating some of the best host teams along the way.

This was the furthest any team based on Bangladesh ever got, which makes this a prestigious national record, which we believe will remain with the school for a very long time to come. Also for the first time in Bangladesh, every member of the representing team made it to the top 5 speakers' tab: another prestigious record.

The Daily Star AWARD

Every year, local newspaper company "The Daily Star" commends the outstanding achievers by awarding them the prestigious Daily Star Award, and every year, a great number of proud students represents Summerfield School.
