

# Newsletter 2021

## Editorial Note

Dear Readers,  
Our school has been striving to provide excellent quality education for almost five decades. With our 50th Anniversary being just three years away, we aspire to enrich and grow continuously.

The ongoing pandemic may have forced us to restrict many activities for the time being but it could not stop us from improvising. We have hosted numerous activities and events virtually. Our teachers have upgraded themselves by adapting to technology and providing interactive online classroom experience. All classes are conducted virtually, including laboratory and games.

We can proudly say that most of our students who have appeared for the exams during the pandemic have achieved excellent results in their IGCSE & IAL examinations. Among them, some have stellar performances, like Sartaj Khan who has achieved World Highest in A Level Physics & Pure Mathematics and Rowfin Morshed who has achieved World Highest in A Level Physics. Our campus is an official British Council center, which hosts both Cambridge and Edexcel examinations. These are just some of the many upgrades we have made over the last academic year. We urge everyone associated with the school, directly or indirectly, to take part in this development journey.

With best regards,  
Safwan Hoque  
A'level student  
Senior Section

Congratulations to our May/June 2021, Graduates!	
<b>Cambridge IGCSE O Level</b>	
Tanha Tahsin Adiba	8 A's (8A*)
Md. Farhan Abrar Hossain	8 A's (8A*)
Abdur Rahman	8 A's (8A*)
Rubaiyet Bin Zaman	8 A's (6A*)
Muhtasim Bin Momin	8 A's (5A*)
Mark Rayan Perelra	8 A's (4A*)
Tunazzina Rahman	7 A's (6A*)
Ahmed Maisha Mahsin	7 A's (6A*)
Sakif Wasir Haque	7 A's (6A*)
Zaynah Jumana	7 A's (6A*)
Farzad Ahmad Keyvan	7 A's (6A*)
Farha Nawshin	7 A's (5A*)
Farjana Nur Preost	7 A's (5A*)
Fashiha Farzami	7 A's (4A*)
Ibnul Islam Zartif	7 A's (4A*)
Md. Zahirul Haque Niloy	7 A's (2A*)
Zeenat Ayesha Maya Mamun	6 A's (4A*)
Nazmul Islam Nahid	6 A's (2A*)

A\*/A  
86.1%

### O'level Result (May/June 2021)

Other Grades  
11.7%

A\*/A  
88.3%

## Virtual Events

### Grandparents Day

It is important to teach our little ones the value of grandparents. We encouraged them to spend quality time with their grandparents and were happy to see how our children made their grandparents smile & feel appreciated.

### Book Month

Book Month was very special for us. Our students shared their favourite books with us through photographs. Their enthusiasm & passion for new experiences never cease to amaze us!

### Science Fun

Science Fun was an opportunity for students to study on different topics so that they could design intelligent and meaningful experiments. Students learned first-hand about the physical and natural world through engaging practical activities!

### Baking Day

Staying home we engaged our students in various learning activities apart from studies. Baking Day was fun & educational as they had a great time trying out their hands at baking.
